EasyToGrowSeeds

Cat seed selection

£2.93

Cat seed collection: "**Catnip**". A mixture of seeds for sowing as "living pet food" which has been specially formulated to supplement the diet of a cat. The seeds are of a rustic plant which is easy to grow. Intensely green leaves - ideal to grow in containers - known as catnip.
Cats are attracted to catnip by the intense smell, and the plant is thought to have calming properties for cats.
