EasyToGrowSeeds

Parsley (Comune)

£2.34

Flat leafed parsley 'Comune'. National variety used all over Italy. Sow Mar-Sep.

Parsley is a popular herb grown in cooler areas, but it is not always easy to grow. It does require rich soil to grow, and it can be slow to germinate. It is a low maintenance plant. Its leaves are attractive, it can be used both as an attractive garnish and a flavouring for many foods.
